

4EAT Transmission Diagnosis-Part II MSA5AV137

This Video Reference Kit includes three Video Reference Booklets and one Videotape (VHS format). The booklet "4EAT Transmission Diagnosis-Part II" summarizes information contained within the video and, where appropriate, provides additional detail. The video presentation briefly reviews the operation of the Subaru 4EAT Transmission Diagnosis.

The 4EAT is a thoroughly modern, electronically controlled transmission. It is made up of three distinct, but interrelated systems: mechanical, hydraulic, and electronic.

We recommend that you use the applicable Subaru Service Manuals, Service Manual Supplements and the latest Service Bulletins for detailed service procedures and specifications when performing service work.

Subaru of America, Inc. reserves the right to make changes or modifications to systems, procedures, descriptions, and illustrations contained in this Video and Reference Booklet without necessarily updating this document. Specifications included are accurate as they existed at the time of publication. Information herein is considered current as of April, 1992.

CAUTION: Vehicles servicing performed by untrained persons could result in serious injury to those persons or to others.

Subaru Video Reference materials are intended for use by professional technicians ONLY. They are written and taped to inform those technicians of conditions that may occur in some vehicles, or to provide information that could assist in the proper servicing of the vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do the job correctly and safely. If a condition is described, DO NOT assume that condition applies to your vehicle, or that your vehicle will have that condition.

Impreza, Legacy, Justy, Loyale, Outback, Forester, Subaru SVX, WRX, L.L. Bean, Baja, WRX STi, "Quality Driven" and "Driven By What's Inside" are Registered Trademarks.
